Perquimans County Board of Commissioners
WORK SESSION
Commissioners' Room - Courthouse Annex
March 18, 2013
7:00 p.m.

NOTE: Don't forget the Extension Breakfast on March 26th at 8:00 a.m. at the Extension Office.

- III.A. **Enclosure.** Len Hoey, State Energy Office, will be present to discuss Energy Efficient Contracts.
- III.B. **Enclosures.** Chair Cole has requested that the Board meet to discuss minimum housing standards for rental properties.
- III.C. County Manager Heath will discuss with the Board the Budget meeting schedule.
- III.D. **Enclosure.** The State is now looking into putting fracking waste into our coastal communities. Fracking involves drilling long horizontal wells in shale rocks more than a kilometer below the surface. Massive quantities of water, sand and chemicals are pumped into the wells at high pressure. This opens up fissures in the shale, which are held open by the sand, enabling the trapped gas to escape to the surface for collection. The Board will need to discuss this.
- III.E. **Enclosure.** Chair Cole will discuss this with the Board who will need to respond with the identification of appointments that fit these criteria for the prescribed positions on the new ECBH Board.
- IV. **Enclosure.** The Board will go into Closed Session to discuss a personnel matter.
