- III.A. The Board will discuss the possibility of placing a Public Boat Ramp at the Commerce Center.
- III.B. Probation & Parole has approached County Manager Heath to lease the old Communications Building located at 400 W. Grubb Street.
- III.C. As you know, we have changed Medical/Dental coverage for our employees. It is now being handled through Meritain. Donna Nixon of Meritain suggested we consider health screenings this fall. Jerry Parks, ARHS, suggested we consider giving employees that participated 4 hours leave. Mr. Bunch, Interim Pasquotank County Manager, has notified County Manager Heath that he was going to propose this to the Pasquotank County Commissioners. He is asking that the other entities that participate in this plan do the same.
- III.D. County Manager Heath will update the Board on several projects that the County is working on.
